

20th Anniversary

Human Rights Award **RENÉ CASSIN**

20TH ANNIVERSARY

The René Cassin Human Rights Award celebrates 20 years since its creation by the Basque Government in 2003, with the aim of recognising the actions and personal or professional career of individuals and entities in the promotion of human rights. It is sponsored by the Department of Equality, Justice and Social Policies.

This award has become a benchmark in the recognition of human rights, in the field of their protection, guarantees and promotion. In addition to recognising the person, group or initiative awarded, the Prize allows to bring to the forefront current issues and debates on the protection and violations of human rights. This is especially important in the current context, with growing inequalities and poverty, armed conflicts, climate crisis, among other global problems.
